

Approved May 2004

Policy on Active Practice Shortfall

Should a member fail to carry out active practice requirements in accordance with the College of Midwives of Ontario's Registration Regulation, Section 5, active practice shortfalls will be dealt with in the following manner:

In the event of a shortfall of up to 30% of the birth numbers required by regulation, the Registrar shall determine appropriate remedial action to be taken.

In the event of a shortfall of over 30% of the birth numbers required by regulation, an Active Practice Panel of the Registration Committee will be struck to determine appropriate remedial action to be taken.
