

Option 2: 2022 Declaration of Continuing Competency in NRP, CPR or ES

This declaration is to be completed by midwives changing class to General in order to confirm recent continuing competency activities in NRP, CPR and/or ES for 2022 in accordance with the requirements outlined below.

This **does not apply** when a midwife holds current continuing competency training in NRP, CPR or ES in accordance with the College's [Continuing Competency Requirements and Approved Courses](#) document. Current training certificates must be uploaded to the Member Portal.

I declare to the College of Midwives of Ontario that I have:

NRP (Neonatal Resuscitation Program) – Advanced Level

N/A

- completed the Canadian Paediatric Society's (CPS) online NRP examination.

CPR (Cardiopulmonary Resuscitation) – BLS or HCP

N/A

- completed the online portion of an interim/blended CPR course through a College approved CPR course provider. *Note: Not all course providers offer an interim/blended course.*

Name of Course: _____

Name of Course Provider: _____

ES (Emergency Skills)

N/A

- completed all online components of an ES course through a College approved ES course provider.

Name of Course: _____

Name of Course Provider: _____

- completed skills practice using hypothetical NRP, CPR and/or ES emergency (as applicable) case scenarios with members of midwifery practice groups or hospital colleagues either virtually or in-person.
- reflected on what was learned and discussed and have addressed any issues or shortcomings in knowledge, skills and judgment that are relevant to my practice.
- retained a written record of any completed activities, including dates and names of midwives involved should the College request this information at a later date.

It is expected that all practising midwives will have completed full training, including in-person components by the October 1, 2022 renewal deadline, unless otherwise stated by the College.

Printed Name: _____ College Reg. Number: _____

Signature: _____ Date (yyyy-mm-dd): _____
